- White - Crushed Sheer Voile Curtain Panel w/ 4" Rod Pockets – 9.5' x 15' (suggest min 4 per 10' section)

### Installation Instructions

- Screw Base Pin into Base Plate.
- Place upright (vertical pole) onto base pin.
- Hang drapery onto drape support/crossbar (horizontal pole).
- Place each hook end of drape support/crossbar (horizontal pole) into slot of upright.
- If using adjustable upright, adjust to desired height by either clicking button stop and sliding up (Pro-Series) or clicking latch down and sliding up (EZ-Series).
